Subject: Community Meeting #1 04/06/17- DRAFT Meeting Notes Transcription

Presentation Q/A

- Q: What are the park demographics?
- A: Brooke (City planner)/Mr. Ross document online; Link for book on the CD&P to Van Dyck to page to see the demographics of City and Park areas
- Q: Surveys in the park?
- A: Cathy yes, staff will be in the park with ipads asking people to take the survey way to capture views of people who are not online
- Q: Do you have any idea of cost/budget?
- A: Cathy 50-year-old park; components at end of life span; master plan will tell you what to replace (skate park; playgrounds); high level cost estimate; phasing (when to replace)
- Q: Do we need to consider the stream areas and natural areas?
- A: EL yes
- Q: Why encouraging more development; need to preserve and protect open space, not add more concrete
- A: EL Strategic Plan suggests protecting 40% as open space

After Meeting Discussion

- Importance of basketball; consider adding a half court facility; current location is good as it is lighted at night and away from neighbors who might be disturbed by light or noise; there are few public basketball courts in the City (uses Paul the VI courts)
- Consider putting RPA and floodplain in zone that is NOT counted as undeveloped open space in the context of the 40% targeted goal
- Allow stream to become celebrated activity area in the park look at Hidden Oaks, Huntley Meadows, Arlington County parks natural resource programs and stream-based activities and facilities
- Skate Park Kevin Kruczek; followed up with email on 4/7/17

815 North Royal Street, Suite 200 Alexandria, VA 22314-1778 703-739-0972 (phone) 703-739-0973 (fax)

- o Herndon Park (maybe 8 years old) and Van Dyck Park (one of the smallest)
- o New Fairfax Park huge, massive
- Not many BMX using Van Dyck; although Van Dyck is better for BMX use; BMX-ers come during evenings
- Some scooters and roller blading, most people put down scooters as they get older
- o Pop up skate park/bowl at Kennedy Center appealing (Arlington)
- Arlington and Wakefield (wood and concrete) have lights—lights would be good
- o Keep location by/visible to the police station
- o Hedge wall of shrubs and under the ramps = not safe
- Lake Fairfax Park probably best built in the area; bowl in Lake Fairfax is good for bikes
- Front Royal is better for bikes
- o Concrete is more durable
- o Arlington skate park is old, but still in great shape (concrete)
- o There are different types of coping for pools; pool tile/coping is more exciting for skaters than the steel; quality/type of pool tile is key
- Always 8-10 cars using the Christian Science parking safety issue with families crossing Old Lee Hwy

Notes from Table Discussions

Group 1 Notes:

Favorite Thing

- Lots of things to do/fun atmosphere
- The "bowl"/there's a little bit of everything
- Learned how to skate board at the park/friend group/GMU/church; met a lot of people/pick up soccer in the bowl/a lot of community building/diversity/making connections
- Porousness/walk to the park/playground/connection at Cornwall Road
- Nightmare to park when an evening Sherwood event difficult to access park
- Strategy 1.2.8 @ Willard what is access at Layton?
- Bridge connection feels private, how to deal with entrances?
- @ St. Leo's parking cut through and people park in spaces needed for older parishioners/better access needed

Who is missing from the park?

Athletic organizations (good thing)

What is the most pressing need?

- Updating
- Skate park (updating) when the skate park is painted, it's actually less appealing and less safe to skaters
- Don't like having 2 entrances
- Children run into the skate park
- Location is key if next to playground, fence is needed
- · Restrooms put near playground and centrally located
- Issue of playground near basketball (issue of balls flying out and language)

Lardner/Klein Landscape Architects, P.C.

04/07/16

- Skate park sometimes has broken glass under ramps/not safe
- If skate park is not visible, can be issues with vandalism/at grade parks are better integrated with connections/not going to have anything bad going on
- Kids will be kids

- · Metal skate parks are loud

Rearrange the Park

- Consider the character of the park now stream, road, trees
- Picnic area escalade emptying picnic supplies at lower pavilion
- How do you access pavilions?
- Have unrentable pavilions that everyone can use
- · If skate park is at the road boards would fly out
- Play near parking/bathrooms
- Quality of skate park is most important
- · Like where tennis is currently located
- Basketball court move to green space? (currently nothing there)
- Has there been a parking study?
- · Weekends it is nearly impossible to find parking
- Bring a route from Layton Hall?
- Issue of connections/synergy with neighbors
- · Can park at the Willard Center
- Main spine/ped plaza (see on plan orange line)
- Separate playground and skate park
- No clash between skatepark and volleyball (good neighbors)
- No matter what need boundary to keep balls in and kids out (edge/boundary at St. Leo's)
- Tennis by St. Leo's parking issues
- Could expand parking where it currently is located
- · Pavilion could overlook the bowl

WHO GOES TO THE

- PARK?

- lawns and trails Children under 12 and parents/guardians use playgrounds and sledding hill Teens/tweens use the skate park and sledding
- Adults use the fitness stations and walking

Improvements should support family-priented multigenerational community.

SPATIAL

CONSIDERATIONS

- Ministan iminismum of 40% of park as undeveloped open space (Strategic Plan) Ministration of space (Strategic Plan) with Ministration open spaces (Strategic Plan) with Ministration open spaces (Strategic Plan) with Ministration of Ministr

WHAT IS MISSING?

MORE QUESTIONS

- Should new programming be added to the park? If so, what should be considered? Should any activities or programming be removed from the park? If the proposed Community Center were to be located within Vari Dyck Park (currently under consideration), where is the best site for it that will enhance the park?

ISSUES

Traffic / Circulation

- Challenge of exiting the park on Old Lee Highway (A busy thoroughfare connecting historic Old Town to Routes 66, 50 and 29).
 Connectivity between park parking lot and Sherwood Centen/Police Station.
 Traffic congestion turning into and from destinations on Old Lee Highway (school traffic patrol at crosswalk during the week, but exit the park).

Parking

- Parking lot is worn, does not have a pedestrian pathway, landscaping, or stormwater treatment integrate relative lot). Currently there are 87 spaces (4 ADA). At peak use times, parking availability is insufficient.

 Event parking is minimal. Patrons can use parking at the Police Station and Sharewood Center.
- Parking lot in the park is only accessible from park drive along St. Leo's boundary. Connection to Park park Access

- Confusion with double park entrances One at the Sherwood Center/Police Station and one adjacent to St. Leo's.
 Only one bridge crossing Accotink Creek along the entire western perimeter of the park. Park entrance from Unive
- Only one bridge crossing Accotink Creek along the entire western perimeter of the park. Park entrance from Uni
- No access to traffic signal at Layton Hall Drive and Old Lee Highway from park.

- Missing trail connections to neighborhoods north and west of St. Leo's Church.
- Trail surface treatments (gravel, stone, asphalt) and slopes may not be appropriate given locations, erosion issues, and ADA 1.25 miles of trails in the park, most meet accessibility/ADA standards, but running and cross slopes should be reviewed.

Stormwater/Erosion Ponding and erosion on trails

Facilities/Park Features

- No permanent restrooms (3 portable restrooms serve the park). When buildings are open, there is access to restrooms at Shenvood Center and the Polico Station. No public sewer serves the park, Public water does serve the park and there is one drinking fourtain. Need ADA accessible facilities. The small shelter (Di capacity) is disconnected from other park facilities and sis pondy visible. Tables and benches may not be ADA compliant. Need ADA accessible facilities of improve attractiveness as rental property and revenue producer.

 The large shelter (21 capacity) does not have electricity. Tables and benches may not be ADA compliant. Need to improve attractiveness as a rental property and a revenue producer.

 The gazeno is not available as a rental facility.

- The large playground needs to be renovated and meet ADA acc
- The skatepark is dated and needs replacement. It has reached the end of its useful lifespan and consumes a large piece of park frontage.
- Existing fitness equipment is aging and could be made ADA accessible and be better integrated into the park. Tennis courts (4) are heavily used and trend analysis shows an increased demand for tennis facilities. Tennis courts are lighted

City of Fairfax

OPPORTUNITIES

Traffic / Congestion

- Redesign park circulation/roads, parking, and park entrances. Consider single entrance to park shared with Sherwood Center/Police Station
- Review current circulation patterns and determine if a secondary entrance is warranted, perhaps with some for of future traffic calming feature a that intersection.

- Redesign or relocate parting with sufficient spaces and accessible routes and variously connecting to key part facilities, Integrals stormwater menagement measures to mitigate the inepact of imprements its surfaces through, for example, a revious powerments, bioinfiltration facilities (rain gardens), and vegetated avaeles. Identify potential overflow or off-alle parking opportunities for special events.

 Event parking is minimal. Pattors can use parking at the police station and Sherwood Center.

 Parking accessible only from park drive along St. Levis boundary. Connection to park parking is unclear when using Sherwood Center access or

- Implement well sited wayfinding signage for all park entrances. Coordinate with park neighbors on access points and park use Create a trail connection (10 wide) to neighborhoods north of the park using the existing footpath crossing Accotink Creek and the Fairtha Robustord Approved Master Plan. Consider access to Layton Hall Drive at the intersection of Old Lee Highway, if traffic study supports such.

- See item #Z above in "Access."
 Redesign and regrade trail circulation for pedestrian and bike access. Install resilient surface materials and use pervious pavements (i.e. permeal pavers), where appropriate. Meet ADA accessible standards where possible, maintaining running slopes at 5% max and cross slopes at 2% max. Ensure a variety of walking apperiences and include signage, painted mile markers, refreshed exercise equipment, and interpretive features. Con a bike loop/tiret stack for use in warm normfas and convert it on a los skate track in cold weather months.

Stormwater/Erosion

- See item # 2 above in "Trails.

Install permanent, accessible restrooms with plumbing in a well-sited location in the park (ease of access for children, disabled, and elderly). One permine the demand for shelters and reconstruct new shelters, as needed. Site shelters in appropriate locations, taking into consideration of the park of the property of the consideration and other park facilities include electrical units where needer, include only AbA compliant tables and benches. Renovate the large playground. Design should be barrie-free, shaded, and focused on sensory rich components. It should be inclusive/ADA accessible. Conditier a water spray i fountain play area. Link natural resources, such as the creek and forest, with educational components broth challenge skelers, are sereflectably pleasing couplinal), and multifunctional (blends with the indiscape).

- ⑥ ⑦ Install new, ADA accessible fitness equipment better integrated into the park.

Post Presentation Q/A

- Q: When will decisions about the playground be made?
- A: The master plan will determine a location and general size for the playground, but the design for the playground will come later. The master plan can inform the desired qualities of the playground.
- Q: How old is the skate park? It is under ten years. Why replacing?
- A: The skate park is older than 10 years and components are at the end of their life span. There are concerns that it gets very hot in the summer, it's noisy,

Equal Opportunity Employer

and has maintenance issues (mobility of repair to components is poor). Concrete is a better alternative.

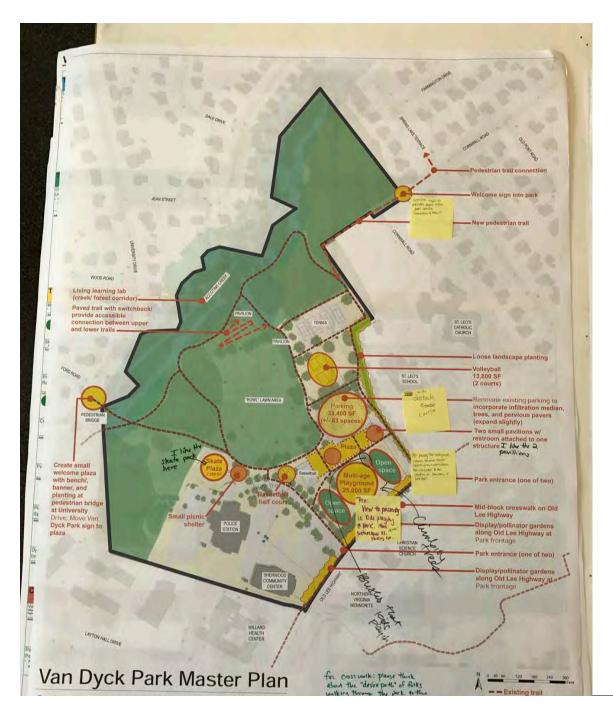

- Q: Could a traffic light be put in? Or a turn lane?
- A: The traffic issues are part of a larger plan for Old Lee Highway that is separate from the park master planning effort.
- Q: There needs to be a way to feel like you can keep an eye on your kids, but without a fence. I have a 2, 4, and 8-year-old. Could this be a consideration for the playground?
- A: Yes—there are ways to create barriers without actually using a fence (vegetation, seat walls, etc.). There is a desire for a multi-generational approach to the playground to include all ages.

Concept 1 Notes

- Love the signs to welcome people to the park! Love the connections to the trails!
- Wish: Obstacle course
- Pro: Moving the volley ball courts towards tennis courts gives more space for children to be creative in their play. I like this!
- Pro: View to passerby is kids playing @ park. More picturesque vs. parking lot. (Agree!)
- Climbing trees
- Bushes that kids play in
- For crosswalk: please think about the "desire path" of folks walking through the park to the Daniel's Run Trail. If crosswalk is in the middle, how will paths lead to it
- · I like skate park here
- I like having the half court
- I like the 2 pavilions
- More individual picnic tables throughout park (Yes!)
- Basketball half court Absolutely!
- Consider drawing connection to Layton Hall Drive

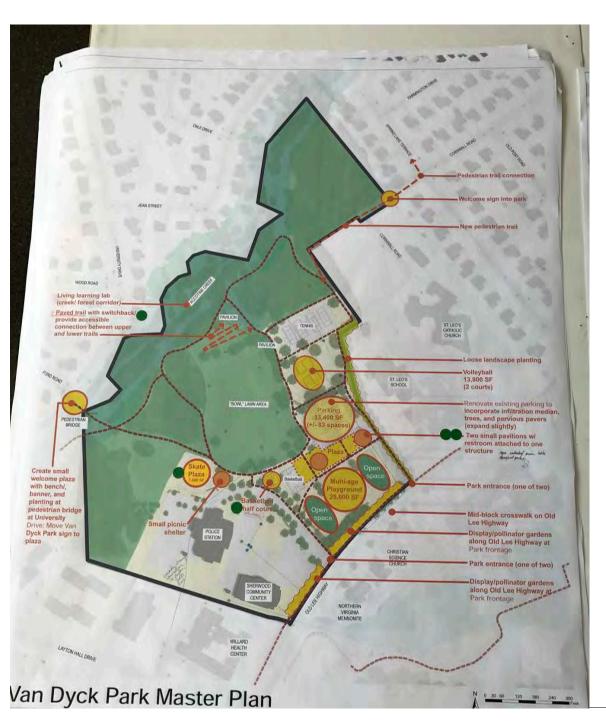

Green dots at:

- Paved trail with switchback/provide accessible connection between upper and lower trails
- Skate Plaza
- o Basketball half court
- Two small pavilions w/restroom attached to one structure

Concept 2 Notes

- Living Learning Lab Love this! No creek access is so frustrating
- Lower pavilion Needs replacement/ very sketchy
- Anywhere winter sledding is done put tree safety /cushions on to protect children. [name undisclosed for purpose of these notes] son suffered from brain damage!
- As part of stream restoration build in a concrete bottomed wading area with step slides to creek wall.
- Needs fence on PL (edge with St. Leo's)
- Have you considered/looked into KOMPAN website for contemporary stuff?
 They have great equipment!
- Could you please remove mulch and replace it with soft "floor"
- I like the playground removed from street
- Have one wall (small if necessary) to protect from thunderstorms with high winds! (small picnic shelters)
- At Bowl Could we have a few summer concerts here? It would be more relaxing w/ kids I worry about the traffic @ the sprayground
- Restroom use one with largest roof + put cameras around it on at least two that are monitored or recorded - High Quality video, of course
- Small picnic shelter Leave one that can be reserved
- Put in about 12' high fence behind each basketball hoop
- Inline hockey rink could go here (open space immediately south of tennis courts) or anywhere flat. Ovetchkin Foundation builds these rinks; sometimes, could be inline in summer, ice in winter. Could offer ice skate rentals in winter, similar to Reston Town Center; closest free inline rink is located in Ashburn; Hockey is growing in the U.S.
- A hockey rink both for summer in-line skating and ice hockey for winter
- I like hockey idea, could be festive around Christmas!
- Please keep play area away from road as in this concept 2 (Pro!)
- Zipline
- Defining area of play so parents can sit and read or talk to friends and children will stay in view and remain in area of play. Maybe use landscaping to help define area of play.
- I like 1 entrance (put a traffic light there)
- Put skate park here. Good visibility from the road. The streetscape allows the skate park room to grow. Keeps all the recreation areas together.
- See Lake Fairfax skate park as great example. Less stuff in small space.
- No skate bowl please. Go with skate plazas!
- Speaking as a person that uses the skate park, Lake Fairfax is a great skate park. Key features include ledges, rails, and stairs. The half pipe that currently exists at Van Dyke is loved by skaters of all ages, I recommend keeping that feature. Concrete park. <u>Lights</u>.
- If the skate park must be changed, please be sure to use better materials that will withstand the weather. Perhaps add a pavilion to cover it? Lights for winter time would make the space safer & more easily utilized
- Please keep the skate park. As someone who grew up using the park I can say it is a vital resource for adolescents who need a space to be active or just a

Lardner/Klein Landscape Architects, P.C.

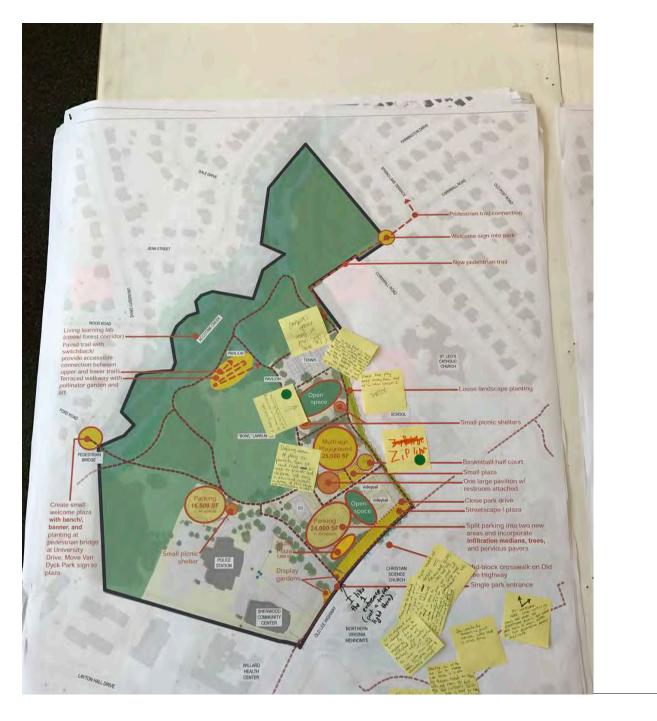

place for community. If you must change the park, please invest time and funds to ensure it is improved upon: add lights and use better materials

 Features wanted at skate park are: half pipe/mini ramp, kicker, ledges, stiars, hand rails, plazas are great but can lack having ramps, which skateboarders and kids love

Green dots at:

- o New pedestrian trail (at Cornwall Road)
- o Split area into two new parking areas and incorporate infiltration medians, trees, and pervious pavers
- o Single park entrance (2 dots)
- o Parking 16,500 SF
- o Create small welcome plaza with bench/banner, and planting at pedestrian bridge at University Drive; Move Van Dyck Park sign to plaza
- o Open space immediately south of tennis (corresponding to hockey idea)
- o Zipline comment

Lardner/Klein Landscape Architects, P.C.

Lardner/Klein Landscape Architects, P.C.

Other Notes

- Inline skating (at open space area immediately south of tennis courts)
- Summer inline skating convert to ice rink
- With 2 small picnic shelters, a large group will be split if bad weather. Groups hosting 10Ks, National Trail Day Event, etc. need 1 large place
- Route people connecting to (of?) larger trail shown
- Layton Hall & Daniels Run by (?)
- Need large picnics, co (?)

Subject: Open House Questionnaire Responses

Van Dyck Park Open House Questionnaire:

Please answer the two questions below. On the back is room for you to share any additional thoughts regarding the proposed Master Plan for Van Dyck Park. You can leave the completed form at the Sherwood Center this evening, or return by mail to Attn: Van Dyck 50, 10455 Armstrong Street, Fairfax, VA 22030, or complete a version online at www.fairfaxva.gov/vandyck50.

- 1 Does this master plan move Van Dyck Park FORWARD?
- 2 What should happen first? second? third?

Responses to question 1:

- Yes but skate park is too small, Please double the size because the park needs breathing room to allow multiple skaters to skate at the same time without interfering in each other's "runs"
- Yes
- I like where keeping the skate park. Don't like how intrusive parking lot with 42 spots is. That's nice open green space now w/play area. Also too far from activity centers on other side of park. Would be better where volleyball court is. Volleyball could move to free play lawn. Bowl is open enough for free play.
- Yes. It is in desperate need of revamping.
- Yes
- There should be a dog park in Van Dyck Park. There are none that residents of the city can walk to. By the Walmart is just as far away as the Vienna one.
- Yes
- Yes
- Yes, but still very crowded at Old Lee Highway entrance. Maybe move some features farther into Park? Remember older residents when making paths. Gardens with benches? More picnic tables. Chess tables, ping-pong? Bicycling, roller blading paths?
- Yes

815 North Royal Street, Suite 200 Alexandria, VA 22314-1778 703-739-0972 (phone) 703-739-0973 (fax)

Responses to question 2:

- Skatepark first to appeal to millennials, spark interest in young adults to spend time outdoors. Give kids a reason to stay here and not venture out to other better parks in Reston or Woodbridge.
- 1. Bathroom 2. " 3. "
- #1 More movies in the park nights in summer! #2 Restore the tree canopy! Invasive vines are taking over. #3 Repave trails. They are deteriorating.
- Skate Park, Playground
- All at once; 4th Amphitheatre behind Police Station; 5th Remove police station
- Dog Park!
- 1) New pedestrian entrance with Park sign 2) ADA Accessible Paved Trail connecting the upper and lower sections of the park 3) Enhanced and Expanded pedestrian entry w/park sign on University Drive
- I'd like to see a Dog Park in Fairfax City for those of us w/dog children
- More bathrooms, spread out the play areas
- 1. Picnic shelter/bathrooms 2. New parking 3. Playground equipment

Additional comments on back of Questionnaire:

- Doug Huttar (703) 819-3061 / dhuttar@gmail.com Please add 5th tennis court. Please add tennis bubble. Why: USTA matches require 5 courts / Revene (revenue?) model hourly play fees bubble indoor contracts annual membership fees outside (USTA leagues) Tennis: 4th most requested activity as per Fairfax County Parks & Rec's survey 2017
- Would love to see a pond/fountain and permanent food vendor. Also a butterfly garden.
- Use the Bowl for concerts and festivals

Figure 38. The Stream Valley

Park Character Areas

Looking at the park lands as a whole and related to the 40% open space strategy, there are three apparent character areas.

Tront Door of the Park

The grand welcoming experience begins for most at the top of the peak along Old Lee Highway where views of and into the park are available to the passestry and the park user. This area is the most developed portion of the site and is the active core area of the park. It includes park leatures such as the playgoound, multiple court sports, gathering areas, picnic dieletes and parking.

The Bowl and Woodlands

The central "bend" of park land consists of open, unstructured play areas, grassy lawns such as the base of the bowl, sledding hills, and extensive woodlands. Activities include informal necreation, pick—qualitelite games in the bowl and oreas for contemplative sitting and strolling.

The Stream Valley

Characterized by the According Croek corridor and associated natural features, this area is prime for restoration, educational programs and activities, community demonstration projects and nature trails or boardwalks. Opportunities for hands-on harrange, nature plant and environmental education exist in pandern with proposed stream.

- Address erosion issues

The Stream Valley

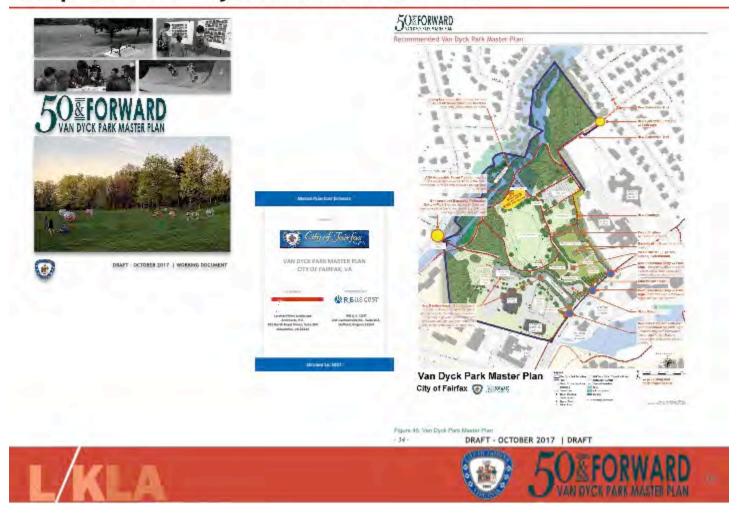

Living Learning Lab

- Incorporate stream into park

You may want to consider installing more basketball courts and maybe one 1/2 court with a lower rim for younger children maybe behind the police station. 101	The picnic pavilions were a great idea but unfortunately they are now attracting some questionable types of people of hanging out there for very long periods of time. They don't always eat but instead stare at the children or the girls on the volley ball court, others spread out taking all the space to hold it for different groups of people to come and go. perhaps small round covered child size bistro type seating spread around the children's area would be safer and cleaner.	3/9/2017 8:35 PM

114	The skate park! The noise from it completely ruins the park as a place of quiet beauty. City officials have repeatedly admitted that the skatepark was a mistake and promised to soundproof it somehow but this has not happened. This should be relatively easy and cheap - please get it done. The idea of a "park" - a place of quite natural beauty and a refuge from suburban blight - containing a structure in which metal objects repeatedly and loudly clash together, is absurd. 63	Water fountains	3/10/2017 3:24 PM
64	RE: trails: The pavement is pretty neglected/rough in some areas, particularly in the less frequented northern side near the Accotink. That, and the overly large gravel you use on the one gravel path, are pretty rough to navigate on bike.	3/10/2017 9:24 AM
65	I'm not aware of any that need improvement.	3/9/2017 11:05 PM

99	I have been going to Van Dyke since the 1980's and I don't want to see anymore trees come down - nor do I want to see more concrete- recently a bench and sign was added over the basin. The bench protrudes into the path and the sign makes it so you cannot see the basin while sitting on the bench. Please no more concrete.	3/2/2017 7:15 PM

23	I'd love to see archery somewhere closer than Bull Run. Disc golf would be fun too, but I'm not sure how feasible either would be. Both kind of ruin any mixed use areas, even for walking nearby, and disc golf is basically no fun in just open space areas. Nature spots would be nice & educational. Informational signage, bird houses up high. Benches along walkways or where sensible near open spaces - without being crowded or in the way.

18	Updated playground equipment	4/4/2017 10:33 AM
19	More challenging equipment for older kids, like Wheaton Regional Park	4/4/2017 8:02 AM
50	The playground equipment is designed exclusively for children under the age of 6. With the amount of space on Van Dyke Park, I would like to see more advanced play structures for older kids to enjoy. Rocky Run Park in Arlington is one such park that has equipment that appeals to kids of many ages. I used to take my kids to Van Dyke Park all the time, but as they are older now, they have no interest in going because the playground equipment is for young kids. Why not have separate play areas with equipment for young vs. older kids?	4/4/2017 7:46 AM

52	Please NO dog park	4/3/2017 8:32 PM

33	None. I like it the way it is.	3/29/2017 5:55 AM
64	Water Park	3/28/2017 8:54 PM
§5	Why isn't there a last question for general comments? Who comes up with these questions? More 3/28/2017 8 thought could go into questions .	
66	Put in one of those super cool climbing spiderwebs and upgraded play maze/tunnels. Charlotte, NC has some nice examples, and Allentown, PA. Please not permanent restrooms, they are are nice idea that turns into a poorly maintained item and then they become personal safety hazards where weirdos hang out and costly to maintain. Also, no dog park, there are too many vulnerable children, and if you look around Farrcroft, too many dog owners don't pick up after their dogs. Also if you want a dog park, why not try the Kutner Park or a park seldom used for children, toddlers, and babys. Owners are terrible and the dogs can be vicious. Some are nice and friendly, but I've run into too many on the trails where the dogs just go crazy with runners and walkers. Maybe put a dog park on the lawn somewhere by the City Hall since it could multi-task for weekend visitors. A water feature splash pad would be nice but maintenance can be costly.	
67	None	3/24/2017 10:59 PM
88	Invasive species mitigation the trees look like they are dying from being taken over by vines.	3/24/2017 9:39 PM

70	Less children/teenage spaces and more for 55 and older	3/24/2017 4:45 PM
71	Keep as much green space as possible.	3/24/2017 3:18 PM
72	Tall covered slides for adults and kids; roller skating/walking path (needs to be mostly flat, wide enough to pass easily); roller skating rink; more things teens and adults can use	3/24/2017 8:24 AM
73	Area for handicap exercise and enjoyment	3/23/2017 4:02 PM
74	It would be nice to have a fence around the playground so the kids don't run too close to the street.	3/23/2017 4:00 PM

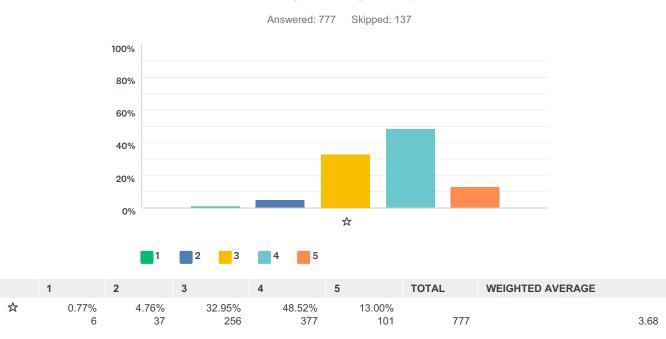

7.5	distance made as formallic actails and head of actional hands at the stance of	0/02/0047 40:07 DM
75	distance markers for walking trails-perhaps at each .25 mi and benches at tennis cts	3/23/2017 12:07 PM
76	physical divider between Van Dyke and St Leo's property	3/20/2017 9:17 PM
77	Please keep the open space and nature. There is so little of it in town. While more bathrooms would ne nice, porta potties reduce the possibility of lurkers and illegal activities. A fence between the school and the park would clearly delineate the boundaries. That would be a good idea. I was asked to leave a grassy area once by a school staff member. I thought it was part of the park but it was apparently part of the school grounds. They were nice about it but theres really no way to tell where the park land ends and school begins.	3/20/2017 7:32 AM
78	Tall/long enclosed slides that adults and kids can use-fun for all together	3/19/2017 1:12 PM
79	Serious thought and placement of rest rooms due to 2 schools in close to this park and very real concern about problems with transgender restrooms I would have to disagree with having them but will express my reasons during the meetings	3/19/2017 10:58 AM
80	a more secure fense protecting St. Leo's school children	3/19/2017 7:51 AM
81	Food trucks or farmer market.	3/18/2017 1:42 PM
82	a nature center needs to be added.	3/17/2017 3:58 PM
83	Turf field with lights	3/17/2017 5:27 AM
84	More playgrounds	3/16/2017 8:45 PM
85	a practice backboard at the tennis courts	3/16/2017 5:08 PM
86	It would be great to have adult fitness equipment the walking and bike trails from Layton Hall to 3/16/2017 3:2 the park need to be resurfaced - a bit of that was done but all of it needs updating! thank you!	
87	Paved Parking	3/16/2017 1:34 PM

91	would LOVE more shade over play ground and would LOVE permanent restrooms	3/13/2017 4:44 PM
92	More woodland	3/11/2017 4:36 PM
93	None.	3/10/2017 8:59 PM
94	Water feature if it is for kids. Everything in the park should have a duel purpose, looks good and can be used. Shade structures for the kids playground is needed or a few trees. The trees would help the water pool near the basketball court and playground.	3/10/2017 1:07 PM
95	if funding is an issue for dog park, why not fundraise; there must be enough dog people in the City to give \$100 eachI see them all over at the Oakton and Vienna dog parks and we're all wishing for one in FFX!	
96	More thoughtful gardens. The plantings in Van Dyck are rather spare and meek. I'd like to see an actual garden of native plantings, or better use of existing areas, like the erosion berm behind the police station, which is too grown-up to be navigable at present, but could be a cool area to relax on a bench.	
97	A dog park would be amazing! The closest option is off Blake Lane and leaves much to be desired.	3/9/2017 11:08 PM
98	Splash pad, pickle ball court, add a pond	3/9/2017 9:30 PM
99	No no dog park!!!!!!!! Use park for grandchildren. Have been coming for over 30 years, as we use St. Leo's school and church	3/9/2017 7:23 PM

100	Open space destinations are vital for the health and well-being of a community. I live off of Daniels Run Park. The trails from Daniels run allow me to walk from my house, through a neighborhood, into the park, across Daniels Elementary, and into Van Dyck. I love that the parks are connected and that with some effort can walk/run/bike in the community. If you are looking for inspiration on native plants that do well in Virginia and park design consider a visit to the National Garden at the US Botanic Garden or Meadowlark in Vienna. If you are looking to form spaces in the park that control the flow of water consider the demonstration gardens at Bartholdi Park at the US Botanic Gardens. If you are interested in creating an amphitheater, water feature, or encouraging people to sit in the shade consider the designs in the back for the Smithsonian Castle Moon Garden and the National Garden. If you are considering the use of public art, look at Grounds for Sculpture in New Jersey. If you are looking at gazebo and formal garden design consider the Carlyle House in Old Town Alexandria.	3/9/2017 4:32 PM
101	public garden and/or community garden, gathering plaza, better curb appeal from old lee, better separation between amenities	3/9/2017 9:44 AM
102	ADA features	3/7/2017 7:11 PM
103	Permanent restrooms not necessary if Sherwood Center restrooms are considered okay to use.	3/7/2017 2:20 PM
104	Roller or street hockey rink (concrete playing surface with fixed boards)	3/7/2017 1:31 PM
105	turf soccer field with lights (like Draper Park)!	3/6/2017 2:16 PM
106	A dog park and a few running lanes for children.	3/6/2017 12:46 PM

110	great fitness equipment for older adults could be installed along the trail	3/6/2017 4:07 AM
111	Additions to skatepark	3/5/2017 11:11 PM
112	Replacement of dead trees along paths, sledding bowl. Insallations of periodic benches along walking paths. Minimalist shade structures (not too heavy on density/structures)	3/5/2017 6:47 PM
113	Please - No Dog Park! My children are allergic to pets and many pet owners are not responsible for cleaning up after their pets. I would stop visiting Van Dyck if a Dog Park was added.	3/5/2017 2:31 PM
114	Shades playground and swings	3/4/2017 9:40 PM
115	Archery range, possible permanent walls for safety	3/4/2017 5:28 PM

118	Petting zoo	3/4/2017 4:36 PM
119	Handicap accessibility	3/4/2017 12:32 PM
120	I feel strongly that I do not want a dog park. There are too many young people using the space. Dogs off leash are a safety hazard as is their feces.	3/4/2017 10:56 AM
121	I would like for children to play in the stream. Safety is a consideration but I would like for the children to be able to explore the stream in some way. I would like for the surface of the playground areas to remain natural materials such as mulch or sand. Children like to play on this kind of material, they can dig or build things. They can't do this with some of the rubber materials you find on some modern playgrounds. We definitely need permanent restrooms! Please keep the climbing trees that ring the outside of the playground and the fence along the volleyball court. The children like to climb them.	3/4/2017 1:30 AM
122	NO DOGS!!!	3/3/2017 10:59 PM
23	Parking. More parking.	3/3/2017 9:40 PM
24	Handicapped paved walkway from parking lot to pavilion	3/3/2017 5:05 PM
25	A	3/3/2017 12:33 PM

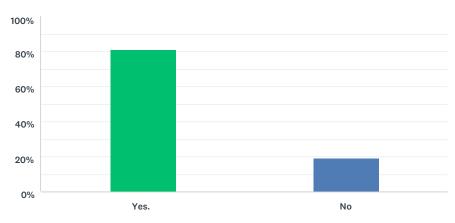

127	Amphitheater only if there is room.	3/3/2017 8:37 AM
128	I would actually like nothing more to be added. Not much space left. Taking any would negatively impact wildlife habitat.	3/3/2017 7:41 AM
129	more picnic tables in new areas	3/2/2017 10:05 PM
130	Archery target range	3/2/2017 9:52 PM
131	New playground equipment	3/2/2017 8:13 PM
132	this is not the place to install a dog park, integrate the connection to Sherwood	3/2/2017 7:35 PM
133	It would be nice if the paths on both sides of old lee hwy were smoother and maybe more markings to make the street crossing safer when coming from the Daniel's run stream side to Van Dyke.	3/2/2017 7:15 PM
134	I would like to see another entrance or exit for the park that does not empty into Old Lee highway. PLEASE! Old Lee Highway is struggling with traffic. Look at the number of venues emptying onto Old Lee in one small area approximately 1320 feet long3 churches, a police station, Sherwood Center, Van Dyke Park entrance and two elementary schools. All that in a small area. Can there be an entrance on University?	3/2/2017 6:08 PM
135	Pickleball courts - tennis courts can be lined within tennis courts	3/2/2017 5:53 PM
136	The greenscape needs lots of improvement/addition	3/2/2017 5:07 PM
137	Gate to close at sun down	3/2/2017 4:26 PM
138	Add restrooms off the police department building. No new buildings inside the park.	3/2/2017 4:12 PM

144	Splash pad	3/2/2017 12:37 PM
145	Labyrinth	3/2/2017 10:44 AM
146	Permanent Restrooms are the NUMBER ONE PRIORITY to make this public space more usable. I can't believe in 2017 we don't have that.	3/2/2017 10:43 AM
