

# University Drive Traffic Calming

# Public Input Meeting May 21, 2018

## Instructions

Please review the proposed traffic calming improvements shown on the front and back of this ballot. Use the **green**, **yellow**, and **red** dots to tell us which improvements you think should be considered further.

- High Priority Improvement
- Low Priority Improvement
- No interest or opposed to improvement

Address: \_\_\_\_\_

Name (Optional): \_\_\_\_\_

## Menu Of Proposed Traffic Calming Improvements (Intersections)

The map shows University Drive with several intersections highlighted by yellow boxes. Callout windows provide visual examples of proposed improvements:

- Curb Bulb-Outs:** Two callouts show examples of widened sidewalks and crosswalks at street corners.
- Crosswalk:** A callout shows a crosswalk with bollards and bollard-free zones.
- Curb Modification:** A callout shows a curb extension at a street corner.
- Community Signage:** A callout shows a large sign for a neighborhood.

Street names labeled on the map include: Stratford Ave, University Dr, Jean St, Wood Rd, Ford Rd, Randolph St, Mason St, Kenmore Dr, and Layton Hall Dr.
