

RESOLUTION NO. R-19-12

ADOPTION OF THE RIGHT OF WAY LICENSE AND PERMIT PROCESS FOR WIRELESS CARRIER ANTENNA PLACEMENTS

WHEREAS, the City has determined that modifications to the existing licensing and permitting process for wireless carrier antenna placements within the City's rights of way are required due to recent changes to state and federal statutes and regulations; and

WHEREAS, the City has developed certain process flow and requirements governing the same in order to ensure equitable treatment of all applicants for use of the City's rights of way, while ensuring that the City is able to recover all costs associated with analyzing and evaluating such applications, and otherwise administering such uses; and

WHEREAS, the City desires to formally adopt the new process and associated fee schedules as outlined therein.

NOW, THEREFORE BE IT RESOLVED, by the City Council of the City of Fairfax, Virginia, that the proposed right of way and permit process for wireless carrier antenna placements within the City's rights of way is hereby endorsed and adopted and, further, that City staff shall be authorized to make such additional modifications to the right of way and permit process as may be reasonably necessary, in City staff's determination, to ensure the proper administration of the same.

Adopted: June 11, 2019
